¶1. This is an Action Request. See paragraphs 2-4.

¶2. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Posts' assistance in conducting a post-shipment end-use check on license number 05-050031210 for the export of defense hardware to Singapore. Posts are requested to complete this Blue Lantern inquiry within 45 days. Lack of response to a Blue Lantern inquiry will affect pending and future licenses involving parties to this license.

¶3. Reason for request: Unfamiliar foreign intermediate consignee and foreign consignee.

¶4. Action Pretoria and Singapore: Department requests that Posts make inquiries to establish the bona fides of South African-based foreign consignee Poynting Antennas and Singapore-based foreign intermediate consignee Stelop, respectively. Conduct site visits to assess the companies' reliability as recipients of United States Munitions List (USML) articles as well as their operations and on-site security. If site visits are not possible, please inform PM/DTCC case officer. Remind the companies that the unauthorized re-export or retransfer of USML items is strictly prohibited.

The following questions provide suggested guidance:

(To Stelop and Poynting Antennas)

- Please confirm that an order was shipped under license 05-050031210.
- How long has your company been in the business of importing and selling defense articles? In what other name(s) has your company done business, if any?
- Are you familiar with the restrictions against the unauthorized re-export or retransfer of U.S.-origin defense articles?
- What other products are sold by your company?
- Who are your regular customers and where are they located?

(Singapore: Ministry of Home Affairs)

- Please confirm that you received the items listed on license

05-050031210 and that they are being used for the stated purpose.

- How long has the Ministry of Home Affairs done business with Stelop?

- What were the specific roles of Stelop and Poynting in the transaction described in No. 5, below?
